THE GRAN HOTEL BAHÍA DEL DUQUE, NOMINATED IN TWO CATEGORIES AS PART OF THE PRESTIGIOUS "GOLD LIST", PRESENTED EACH YEAR BY "CONDÉ NAST TRAVELER"

Santa Cruz de Tenerife, November 2015.- The Gran Hotel Bahía del Duque (www.bahia-duque.com), property of the Grupo CIO (www.cio-company.com), has just been nominated for "**Best Resort in Spain**" and "**Best Spa in Spain**" awarded by the prestigious magazine Condé Nast Traveler, as part of their Golf List, one of the most esteemed and emblematic lists of the tourist sector and of the specialized publishing world focused on this sector.

The Gold List has become the excellence of the travel world, where they award the year's most memorable hotels, destinations, transports, and travel products, and which this year includes wineries and restaurants, both in Spain as well as in other worldwide locations, which has transformed this exclusive "list" into a "Best of the Best".

On the other hand, the importance and uniqueness of this awards lies in that it is the readers of the publication who will vote through the Website of the magazine (www.traveler.es), which is an added value to this award, further to the prestige of the publisher.

Moreover, this nomination comes at a great time for the Hotel, who has just received in London the award for the Hotel with "Best Service", granted by the **guide Condé Nast Johansens**, one of the most respected and followed in the world, and from the **TTOO Thomas Cook**, who has included the Hotel as one of the ten best establishments in the world for its Scandinavian clients, market with high growth among the guests of the Gran Hotel Bahía del Duque.
